MARQUIS®

Welcome,

We would like to take this opportunity to introduce ourselves. For more than 20 years, the people of Marquis have been crafting our clients' ideas and inspirations into pieces of fine furniture. Our highly skilled craftsmen carefully attend to each detail. Every stitch, every line, the feel of the fabric, the way it sits, the finish, the fit – all finely crafted to create an experience. Our dedication to producing the finest furniture sets us above the rest. We are structured to meet rigorous service and deadline intensive requirements of our customers. We know the importance of remaining flexible in order to provide our clients with the best.

TERMS AND CONDITIONS

PRICES AND TERMS: All prices and specifications are subject to change without notice. All prices quoted are F.O.B. factory, High Point, North Carolina. Terms are net 30 days, pending credit approval. A service charge of 1.50% per month is charged on all past due accounts.

ORDER SCHEDULING: Orders will be filled once the following is received:

- All COMs have arrived
- Finish sample forms have been approved
- All deposits have been made

DESIGN SPECIFICATIONS: All dimensions in the Marquis catalog are approximate. Varying thickness of coverings and the individual upholstery technique of each craftsman account for small variations in the dimensions. Marquis reserves the right to make changes in dimensions, style or specifications of an item shown.

SHIPPING: Marquis will ship in accordance with customer instructions stated on the order. If not specified, or if specified carrier offers no service for the shipping point, Marquis will exercise its best judgment in selecting a carrier. Marquis is not responsible for any difference in freight charges. Orders in production will be shipped as scheduled and cannot be held. Every effort will be made to ship orders within delivery dates specified. Acknowledged shipping dates however, are contingent upon conditions beyond our control.

SPLIT SHIPMENTS: Split shipment is available only with written authorization.

CHANGE ORDERS: All reasonable requests for changes in order will be honored if received in writing prior to six weeks of acknowledged ship date. However, Marquis will evaluate changes on an individual basis. Marquis reserves the right to charge for labor, material and administration cost for order changes.

CANCELLATIONS: All cancellations must be made in writing to the factory. Orders involving special finish, special sizes or any custom change cannot be cancelled. If the cancellation is received prior to fabric being cut, a 10% of the order amount will be charged. In addition, fabrics ordered through our suppliers are subject to their specific return policies, which could result in restocking charges that the customer will be responsible for. Please contact Marquis customer service to determine these charges.

5 YEAR PRODUCT WARRANTY

Marquis will repair or replace at its discretion and without charge to the original purchaser, any seating product or part thereof which fails as the result of defects in material and workmanship under single shift use and normal care, five years from the date of shipment effective January 1, 2001. This warranty does not cover misuse or abuse of product, damages caused by contact with tables, desks or other surfaces or normal tear associated with the use of the product. This warranty does not cover any furniture sold for use in a hospitality environment.

Repair or replacement of discontinued product will be at the discretion of Marquis. Natural color changes, variations or movements in lumber or veneer products, exposure to extreme temperature changes and direct sunlight may cause color changes and/or surface damage. These are circumstances beyond the control of Marquis and are not warranty issues.

Certain chair styles with exposed wood require construction methods that accent color variations in light and natural stains. These variations are not considered product defects and are not warranty issues.

This warranty excludes fabrics, leather and any other textiles. Since manufacturers of upholstery fabrics do not guarantee their products for wearing quality, color fastness, or fabric shrinkage, wrinkling, and stretching these properties are not covered under warranty.

Except as states above, Marquis makes no express or implies warranties as to any product, and in particular makes no warranty of merchantability or of fitness for any particular purpose. Marquis shall not be liable for any consequential or incidental damages or for commercial loss arising from any product defect.

The Marquis customer is the dealer. All complaints must be resolved through the dealer from which the furniture was purchased. To obtain warranty the dealer must supply dated proof of purchase. This warranty gives you specific legal rights. You may also have other rights which vary from state to state.

Some states do not allow limitations on how long an implied warranty will last or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may apply.

WARNINGS AND INSPECTIONS

Users are urged to make periodic inspections to look for damages or signs of structural fatigue incurred in daily handling and use. Examinations must include structural joints, corner blocks, screws or fasteners, welds, glides, casters and any other points of stress. If any defects are found, the product should be taken out of service. Coats and articles should not be hung on the backs of chairs. This practice may render the chairs unstable.

FLAMMABILITY WARNINGS

Marquis's seating products incorporate flame retardant urethane foam, synthetic or plastic components and upholstery cardboard. ALL THESE COMPONENTS ARE FLAMMABLE UNDER CERTAIN CONDITIONS. Chairs stacked or concentrated for storage create additional hazards and can accelerate flame spread in fire scenario. Once ignited, chairs can burn rapidly, releasing heat, toxic fumes, and smoke while consuming oxygen. In an enclosed space, the resulting conditions can be incapacitating or fatal to human beings. Building managers should take appropriate precautions to protect occupants from fire sources and provide adequate detection systems, warning systems, suppressions systems, and exits in the event of a fire.

NOTE: Due to the vast choice in upholstery covers with varying degrees of inherent flame retardancy and the availability of different flame retardants, specifiers, and purchasers are responsible for evaluating the published data and selecting upholstery which addresses conditions of the installation and meets applicable fire and building codes. Flame retardant treated COM is applied at customer's risk.
